

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Violet Varona-Lukens, Executive Officer
Clerk of the Board of Supervisors
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Chief Administrative Officer

At its meeting held November 15, 2005, the Board took the following action:

37-B

Supervisor Burke made the following statement:

"The Los Angeles Times has reported alarming cases of mismanagement by conservators who are appointed by the courts to protect the elderly. By definition, a conservator is 'a guardian appointed by the court to take charge of the property or manage the affairs of an incompetent person.' By taking charge of another person's personal and financial affairs, a conservator assumes a fiduciary relationship which calls for the utmost care when handling the financial and personal affairs of that individual. As such, the conservator should act in the best interest of the elderly individual who presumably cannot care for him or herself.

"Tragically, there appears to be widespread abuse of this fiduciary relationship by apparently unscrupulous conservators who may be manipulating our legal system to exploit the elderly and their possessions. Given the fact that the elderly population is projected to increase significantly in the coming years, thereby potentially attracting even greater abuses by unethical conservators, it now more important than ever for government to take every step necessary to safeguard this population. Acknowledging that the function of conservators is a vital one in our society, we must act diligently and cautiously to deter unscrupulous conservators while not burdening or penalizing honest and hardworking members of that profession."

 - Assess the County's current ability to adequately investigate complaints from the public about conservator mismanagement or abuse;
 - Analyze the impacts of any pending legislation dealing with the licensing, oversight or regulation of conservators;
 - Examine the feasibility of promoting state legislation that would expand the authority of the County's Adult Protective Services Program to monitor, investigate and adjudicate complaints from the public against conservators for abuse and mismanagement; and
 - Request assistance from the District Attorney's Elder Abuse Prevention Unit to conduct this review and assessment; and
2. Report back on the creation of a task force and State legislation regarding conservator mismanagement or abuse at the Board meeting of November 22, 2005.
